VALUE AND ORIGIN CLAUSES

(1) That this invoice is correct in all respects and contains a true and full statement of the quantity and description of the goods and of the price actually paid or to be paid for them or, in the case of goods on consignment, the price which would have had to be paid by a purchaser in Australia had the goods been sold to an Australian importer instead of being consigned for sale in Australia.

(2) No different invoice of these goods has been or will be furnished to anyone.

(3) No agreement or understanding affecting the purchase price of these goods, by way of financial, commercial or other relationship between purchaser and seller, other than that resulting from the sale itself, by way of discount, rebate, compensation or of any other nature whatsoever which is not fully shown in this invoice, has been or will be made or entered into by the said seller and the purchaser, or by anyone on behalf of either of them.

(4) The left hand column of each product line will identify the country of origin. All goods marked "NZ" were wholly produced in NEW ZEALAND or were wholly manufactured in NEW ZEALAND from materials of one or more of the following classes

(i) unmanufactured raw products;

(ii) materials wholly manufactured in NEW ZEALAND and/or in AUSTRALIA

(iii) imported raw materials that the minister has, in relation to New Zealand, determined by notice published in the gazette, to be manufactured raw materials.

(5) All goods marked "B" in the column headed "Origin Code" were partly manufactured in NEW ZEALAND and that NOT LESS THAN ONE HALF (or such other portion as may be determined) OF THE FACTORY OR WORKS COST (see clause 7 below) OF THE GOODS IN THEIR FINISHED STATE is represented by:

(i) materials, including the inside containers of the said goods, that are entirely of NEW ZEALAND and/or AUSTRALIAN origin (but excluding Customs, Excise or other duties payable in New Zealand), and

(ii) manufacturing wages and factory overhead expenses incurred in NEW ZEALAND and/or AUSTRALIA

(6) That in regard to all of the manufactured goods marked "A" or "B" in the column headed "Origin Code" the final process of manufacture of each and every article has been performed in NEW ZEALAND.

(7) That in the calculation of such proportion of factory or works costs attributable to the cost of labour and/or materials incurred in New Zealand and/or Australia none of the following items has been included or considered, viz outside packages (including zinc linings, tarred paper etc) and expenses of packing the goods there into; administrative overheads; selling expenses; manufacturer's profit; profit or remuneration of any trader, broker, agent etc; handling or dealing in the finished goods, royalties, carriage, insurance, etc, from factory to port of shipment; any other charges incurred after completion of the manufacture of the goods.
